| Inset                    | Out Area                              |

Where international, state, and county boundaries coincide, the map shows the boundary symbol for only the highest level of these boundaries.

1 A <sup>1</sup> following a place name indicates that the place is also a fap MCD; in the case of ANVSA, the census-designated population of ships at sea was allocated to census tracts with a "99" suffix. An anchor symbol appeared on the 1990 maps indicating a census tract "saved" there. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.

2 A <sup>2</sup> following a block number indicates that the block number is repeated

Where international state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

- <sup>1</sup> A "0" following a place name indicates that the place is also a false MCD; the false MCD name is not shown.
- <sup>2</sup> In 1990, the crews-of-vessels population of ships at sea was allocated to census tracts with a '99' suffix. An anchor symbol appeared on the 1990 maps locating a crews-of-vessel tract. These maps show a very small area symbolized as a census tract with the census tract number shown near the area.
- <sup>3</sup> A "\*" following a block number indicates that the block number is repeated elsewhere in the block.

Figure 1: Examples of map symbols and their corresponding labels. The figure shows a grid of symbols and labels. The first row includes 'Highway' (solid line), 'Pipe/Power Line' (line with cross-ticks), 'Stream/Shoreline' (wavy line), and 'Intermittent Stream' (dashed line). The second row includes 'Secondary Road' (solid line), 'Ridge/Physical Feature' (line with cross-ticks), 'River/Lake' (blue area), and 'Clacier' (blue area with wavy lines). The third row includes 'Jeep Trail/Roadway/Ferry' (dashed line), 'Property/Fence Line' (line with cross-ticks), and 'Inset' (dotted line). The fourth row includes 'Railroad' (line with cross-ticks), 'Nonvisible Boundary' (dotted line), and 'Out Area' (dotted line).
